Frequently Asked Questions:

I forgot my user name or password? How do I know what it is?

Your user name is traditionally your first name_last name (I.e. john_smith). Your user name was sent to you in the original email from The Barry Portal (see above – bottom of page 2). PaY Advisors can also look you up in their Portal to identify your user name. Passwords are created by the user and can be reset by selecting 'Reset or create password' on the login screen. If you do not receive a reset password link via email, please contact The Barry Foundation

The DocuSign Link won't let my parent/guardian sign their portion of their waiver. What do I do?

Your parent/guardian would have received their own link to sign their portion of the waiver. They need to sign their portion utilizing this custom link.

I can't complete this on my phone. What do I do?

The Barry Portal is not mobile friendly. We recommend that you utilize a desktop/laptop computer.

I never received an email to complete step 1. How do I proceed?

Please allow 1 business day for review from The Barry Foundation team. If you still did not receive an email, please check your spam/junk folder. If the email is not there still, please reach out to The Barry Foundation team.

How long will registration take to complete and how will I know when I'm done?

Registration for PaY is a multi-step process. It shouldn't take more than 20 minutes for you to complete in total, but each step may have a small lag time. Check your email often for updates and proceed with each step in a timely manner.
